TOBACCO

MARKET

Opens Up Brighter Than In Years--Local Houses Report Good Business.

The tobacco market has opened up in earnest in Cloverport. The two local houses have received several loads daily within the past week, and on some days were kept on the hustle to handle it.

The local market opened up stronger this year than in many years, the average advance being one dollar, and in some instances as high as \$1.50. The Cloverport market, it is said, is in advance of other markets at the present. Both the Whiteley, Son & Co. and the American Tobacco Company report business satisfactory and look for a good season.

Owensboro, Ky., Nov. 23.—Tobacco is rolling in in great quantities. The handling forces of all of the Equity houses in the county have been excessively busy for the past several days.

Equity men throughout the county feel perfectly confident of being able to hold virtually all of the pledged tobacco, even in the face of the high prices which will be offered in the open market. Not a single instance of "dumping" has been reported so far.

Reports from S. B. Lee, who is in charge of the rehandling houses in Ohio county, are to the effect that the tobacco in that county is of good quality and that it is coming in freely. Ohio has the largest Equity membership of any county in the State, and practically all of the tobacco in that county will be pooled.

LOCAL TELEPHONE

EXCHANGE IMPROVED

The Cumberland Telephone Company has made extensive improvements in the local exchange. The old switchboard has been replaced with the latest

model Multiple switchboard, and the latest type Warner generator has been added. Telephone patrons can confidently look for improved service.

To local manager Sexton credit is due for the improvement. Mr. Sexton has been in charge here only a few months and what he has accomplished is highly creditable to him.

FATAL ACCIDENT

TO DR. J. H. WHITE.

Former Cloverport Citizen Killed While Out Hunting in Missouri.

Dr. J. H. White, formerly a citizen of Cloverport, was accidentally killed while out hunting in Missouri on Tuesday last week.

The doctor, who was living at Charleston, Mo., in company with another gentleman and his son, were on their way to the swamps, when the team they were driving became unmanageable and ran away. The occupants were all thrown to the ground, Dr. White and his elder companion received fatal injuries, while the boy escaped unhurt.

The injured men were forced to lie in the rain and mud all night. The next morning the boy succeeded in making his way back home and told of the accident.

Dr. White was a son of Dr. W. B. White, of Princeton, who formerly lived here and conducted a drug store.

He was an uncle of Will and Frank White, who now live here.

LARGE DEMAND

FOR TURKEY MEAT

There will be few families in Cloverport who will not feast on Thanksgiving turkey to-morrow, according to local poultry dealers. The merchants with one accord say the local demand has been the heaviest in years and that it has been a question of supplying the wants of the people.

Turkey raisers, it is claimed, are holding the fowls for higher prices, notwithstanding that the market quotations are in advance of this season last year.

A. S. OF E. PASS RESOLUTIONS

Hardinsburg, Ky., Nov. 27.—(Special)—At a meeting of the American Society of Equity held here Monday afternoon with the president, G. S. Wilson, in the chair, the following important resolutions were unanimously adopted.

WHEREAS, it is rumored that certain members of our society are considering the advisability of selling their tobacco notwithstanding that they have contracted to pool it with the tobacco of other members of this organization. Therefore be it

Resolved, That we call to the attention and consideration of all our members their contract and obligation to pool their tobacco, and not to sell it, and we ask them all, as honorable men, not to violate their agreement.

Resolved, 2d, That in the improbable event that any member of this society should sell his tobacco, and thus violate his contract to pool it, this organization shall proceed against him legally and either institute action for damages for the violation of the contract, or bring an injunction suit to prevent the proposed sale.

Resolved, 3d, That the chairman of the county organization, together with the six chairmen of the magisterial districts of this county, be and they are hereby appointed as a committee of this society, who shall be and are authorized to employ an attorney for the purpose of bringing a suit against any and every person who shall violate his written obligation by selling his tobacco.

Respectfully submitted,
J. M. Withers, Chm'n.
Wm. Hendrick,
G. P. Miller,
Matthew Shrewsbury,
Silas Miller, Committee.

After attending to some other business the meeting adjourned subject to the call of the chairman.

MRS. FRIELS FINED

(Owensboro Messenger.)
Mrs. Abigail Friel, formerly postmaster at Victoria, Hancock county, who was charged with detaining mail matter in her office, was found guilty in the United States Court Monday, but got off with a fine of \$25. George W. Jolly, of counsel for Mrs. Friel, after the jury had returned a verdict of guilty,

moved for an arrest of judgment on one count and filed motion and grounds for a new trial on another. The motion for arrest of judgment was overruled, the other motion being sustained.

SALT RIVER BRIDGE

Will Soon Be Replaced By Louisville, Henderson and St. Louis Railway Co.

The officials of the Louisville, Henderson and St. Louis railway are making arrangements for the reconstruction of the bridge over Salt river, which collapsed early last Thursday morning. A. M. McCracken, general superintendent of the road, said he did not know just when the work to rebuild the bridge would begin, as that depended on the river, which at present is so swift that a foundation could not be commenced. The bridge was not insured, and the loss is now estimated at \$50,000.

Death at Guston.

Mr. Granville T. Smith, one of the oldest and best beloved men of this section of the State, died at his home October 30th. He was eighty-five years old. Mr. Smith was born in Ohio county. He was twice married, first to Miss Martha J. Smith, and the second time to Miss Susan D. Morris, both excellent women.

Mr. Smith was buried in Sand Hill cemetery on November 1, funeral services being conducted by Rev. Kimble. He delivered a very able and interesting discourse.

We tender our heartfelt sympathy to the bereaved companion, children, grandchildren and friends of the deceased.

Notice Is Served.

Mr. Editor:

WEDNESDAY NOVEMBER 28, 1906

Season & Weatherholt have done a good job in laying the new walk-way on the Iron bridge. It is a great improvement over the old way.

There seems to be something doing in Hardinsburg. The young business blood of that good old town is warming up to its opportunities. Don't stop, young men, but keep everlastingly at it.

If Gov. Beckham wants to make himself solid with the temperance element let him call the Legislature together, have them pass a law by which he can put the "lid on" and fast in the big cities. Let his machine get busy and enforce the laws.

The merchant who adjusts himself to supply modern demands in modern ways and impresses the buying public that he can and will do it, is the merchant who is going to succeed. Don't be afraid. Have faith in yourself, in your own personal power to overcome all competition, home or mail order houses. Get busy and keep busy and quit mousing about dull business.

Do the People Know a Good Thing When They See It?

Come in here on Saturday, the 1st day of December and you will readily see that the people of this community know a good thing, and are quick to take it in when they get a chance.

We Are Going to Give You a Chance!

On Saturday, December 1, we will sell HOOSIER COTTON at the remarkably low price of

4 and 3-4c. per yd. by the Bolt.

Remember---Saturday, December 1, Only.

This is a positive statement, and will be verified to those who give us cause to prove it, by trying us on this price on that date. Think of it. HOOSIER COTTON cannot be bought in the city on the wholesale markets for that money today. 4 and 3-4 cents is the price.

We do not mean just a few yards at this price, we mean to supply every one who calls on that date with as much as one whole bolt of HOOSIER COTTON, a household necessity for the remarkably low price of 4 and 3-4c per yard by the bolt. No one family can purchase more than one bolt. Now, whether "You want the earth or not," we can help you get a good slice of it if you accept the above offer on December 1, 1906. Your last chance at this offer. Take it and be happy.

THE OLDEST MAN IN AMERICA

Escaped the Terrors of Many Winters By Using Pe-ru-na.

"I Attribute my Extreme Old Age to the Use of Pe-ru-na."

In speaking of his good health and extreme old age, Mr. Brock says: "After a man has lived in the world as long as I have, he ought to have found out a great many things by experience. I think I have done so."

"One of the things I have found out to my entire satisfaction is the proper thing for ailments that are due directly to the effects of the climate. For 117 years I have withstood the changeable climate of the United States."

"I have always been a very healthy man, but, of course, subject to the affections which are due to sudden changes in the climate and temperature. During my long life I have known a great many remedies for coughs, colds and diarrhoea."

"As for Dr. Hartman's remedy, Peru-na, I have found it to be the best, if not the only, reliable remedy for these affections. It has been my standby for many years, and I attribute my good health and extreme old age to this remedy."

"It exactly meets all my requirements. It protects me from the evil effects of sudden changes; it keeps me in good appetite; it gives me strength; it keeps my blood in good circulation. I have come to rely upon it almost entirely for the many little things for which I need medicine."

"When epidemics of la grippe first began to make their appearance in this country I was a sufferer from this disease."

"I had several long sieges with the grip. At first I did not know that Peru-na was a remedy for this disease. When I heard that la grippe was epidemic catarrh, I tried Peru-na for la grippe and found it to be just the thing."

In a later letter, Mr. Brock writes: "I am well and feeling as well as I have for years. The only thing that bothers me is my sight. If I could see better I could walk all over the farm, and it would do me good. I would not be without Peru-na."

When old age comes, it brings with it catarrhal diseases. Systemic catarrh is almost universal in old people. This explains why Peru-na has become so indispensable to many old people.

Isaac Brock,

Mr. Isaac Brock, 117 years Old Last Birthday.

ISAAC BROCK, a citizen of McLennan county, Texas, has lived for 117 years. For many years he resided at Boque Falls, eighteen miles west of Waco, but now lives with his son-in-law at Valley Mills, Texas. Some time ago, by request, Uncle Isaac came to Waco and sat for his picture, holding in his hand a stick cut from the grave of General Andrew Jackson. Mr. Brock is a dignified old gentleman, showing few signs of decrepitude. His family Bible is still preserved, and it shows that the date of his birth was written 117 years ago.

Born before the United States were formed. Saw 22 Presidents elected. Peru-na has protected him from all sudden changes. Veteran of four wars. Shod a horse when 99 years old. Always conquered the grip with Peru-na. Witness in a land suit at the age of 110 years. Believes Peru-na the greatest remedy of the age for catarrhal troubles.

Ask Your Druggist for Free Peru-na Almanac for 1907.

A Commercial Club was organized here Tuesday evening with twenty-two members. The following officers were

lected: President, John P. Haswell, Jr.; vice-president, M. D. Beard; secretary, Roy E. Moorman; Treasurer, John D. Shaw. The following directors were selected: M. H. Beard, G. D. Shellman, Joe Teaff, W. S. Ball and F. S. Kinchele. The officials of the club are also directors by virtue of their office.

The membership fee was fixed at \$5. On Friday night Mr. George H. Cox, secretary of the Owensboro Business Men's Association, delivered a highly interesting and practical address at the court house in the audience of two hundred. He was the guest of the club, and his address was along the line of boosting a town. The club hopes to be able to be of some benefit to the town and county, and it starts upon its mission with the approval of the citizens generally. Music for this occasion was furnished by the Hardinsburg Military Band.

Five hundred people attended the dedicatory exercises at Kingswood College Sunday. Dr. McLaughlin of Chicago, delivered two very fine sermons to congregations that filled the chapel to overflowing. The president of the college, Rev. J. W. Hughes, also delivered an excellent and enthusiastic address. A basket dinner was served, and there was enough and to spare provided by hospitable hands. The day was a success in every respect, and Mr. Hughes is to be congratulated upon the happy occasion. He is doing a great work for the county and should receive the hearty co-operation of all our citizens.

The Teachers' Association held their Saturday was largely attended. The feature of the afternoon was the flag raising. Many interesting papers were read and instructive speeches made by the teachers.

An English Author Wrote:

"No shade, no shine, no fruit, no leaves--November!" Many Americans would add no freedom from catarrh, which is so aggravated during this month that it becomes constantly troublesome. There is abundant proof that catarrh is a constitutional disease. It is related to scrofula and consumption, being one of the wasting diseases. Hood's Sarsaparilla has shown that it is capable of eradicating scrofula, completely cures catarrh, and taken in time prevents consumption. We cannot see how any sufferer can get out of taking this medicine, in view of the widely published record of its radical and permanent cures. It is undoubtedly America's Greatest Medicine for American's Greatest Disease--Catarrh.

"My little son, when about a year and a half old, began to have sores come out on his face. I had a physician treat him, but the sores grew worse. Then they began to come on his arms, then on other parts of his body, and when one came on his chest, worse than the others. Then I had another physician. Still he grew worse. At the end of about a year and a half of suffering he grew so bad I had to tie his hands in cloth at night to keep him from scratching the sores and tearing the flesh."

"He got to be a mere skeleton, and was hardly able to walk. My wife advised me to try Cuticura Soap and Ointment. So great was her faith in it that she gave me a small piece of Soap to try and a little of the Ointment. I took it home without any faith, but to please her I tried it, and it seemed to dry up the sores a little."

"I sent to the drug store and got a cake of the Soap and a box of the Ointment and followed the directions, and at the end of about two months the sores were all well. He has never had any more of any kind since."

"I am now strong and healthy, and I can sincerely say that only for your most wonderful remedies my precious child would have died from those terrible sores. I used only one cake of Soap and about three boxes of Ointment. I am truly, Mrs. Robert Sheldon, R. F. D. No. 1, Woodville, Conn., April 22, 1905."

The celebrated authoress, so highly esteemed by the women of America, says on page 103 and 145 of her popular work, "Eve's daughter, or, Common Sense for Maid, Wife and Mother":

"For the aching back--should it be slow in recovering its normal strength--Allcock's Plaster is an excellent comforter, combining the sensation of the sustained pressure of a strong warm hand with certain tonic qualities developed in the wearing. It should be kept over the seat of uneasiness for several days--in obstinate cases, for perhaps a fortnight."

"For pain in the back wear an Allcock's Plaster constantly, renewing as it wears off. This is an invaluable support when the weight on the small of the back becomes heavy and the aching incessant."

In almost every house there is a room that the heat from the other stoves or furnaces fails to reach. It may be a room on the "weather" side, or one having no least connection. It may be a cold hallway. No matter in what part of the house--whether room or hallway--it can soon be made snug and cozy with a

CRISIS OF GIRLHOOD

A TIME OF PAIN AND PERIL

Miss Emma Cole Says that Lydia E. Pinkham's Vegetable Compound has Saved Her Life and Made Her Well.

How many lives of beautiful young girls have been sacrificed just as they were ripening into womanhood! How many irregularities or displacements have been developed at this important period, resulting in years of suffering!

A mother should come to her child's aid at this critical time and remember that Lydia E. Pinkham's Vegetable Compound will prepare the system for the coming change and start this trying period in a young girl's life without pain or irregularities.

Miss Emma Cole of Tullahoma, Tenn., writes:

Dear Mrs. Pinkham: "I want to tell you that I am enjoying better health than I have for years and I owe it all to Lydia E. Pinkham's Vegetable Compound."

"When fourteen years of age I suffered almost constant pain, and for two or three years I had soreness and pain in my side, backache and was dizzy and nervous, and doctors all failed to help me."

"Lydia E. Pinkham's Vegetable Compound was recommended, and after taking it my health began to improve rapidly, and I think it saved my life. I sincerely hope my experience will be a help to other girls who are passing from girlhood to womanhood, for I know your Compound will do as much for them."

"If you know of any young girl who is sick and needs motherly advice ask her to write Mrs. Pinkham, Lynn, Mass., and she will receive free advice which will put her on the right road to a strong, healthy and happy womanhood. Mrs. Pinkham is daughter-in-law of Lydia E. Pinkham and for twenty-five years has been advising sick women free of charge."

Indications point to a long and severe winter.

Wipe Out The Bloat.

Besides other causes, there is one fruitful source of youthful depravity—failure to enforce the law. We have a law to oblige the attendance of children at school, but it is not enforced. Thousands of Kentucky children of school age do not go to school. We have a school population of 798,110, but the enrollment of pupils is 501,482 only, while the average daily attendance is 399,836.

Three boys were arrested a few days ago for robbing a young man near Newport of \$5.50. They held him up in true highwayman fashion. These boys had been studying the daring deeds of Western desperadoes. They were diligent pupils of the street school of vice. But they neglected the school where character ought to be found and high ideals inculcated. These three boys are part of the vast army of 297,000 unenrolled, or of the 200,000 enrolled but irregularly attending youths of school age in Kentucky.

Think of 490,000 youths of school age in this Commonwealth practically going to no school but those of vicious intent and endeavor! If all the vicious inclined and unschooled boys should do as the Newport trio, what would be the situation? Thousands may at any time do so. The blind tiger, the dive, the gambling den, the low grogery, all draw their support from the youths who do not go to school.

Enforce the law. Double and treble the number of teachers and of schools. Bring education to the door of every home. Kentucky commits no greater crime as she has children not going to school, multiplied by every day's delay in providing for their education. The calling for a Greater Kentucky is mere sounding brass and tinkling cymbal so long as we suffer in our midst, a "Darkest Kentucky," with nearly half a million of schoolless children.

Artistic Display.

Chas. Fallon has shown some very artistic ideas in the display window at J. C. Nolte's store this week. It represents "The Landing of The Pilgrims" and shows the Thanksgiving spirit as well as it plays a good part in the way of advertising. The background is a large ship scene drawn in chalk by Lilbon Smith, showing his talent for painting.

The Turkey Crop.

The Lexington Leader says: "According to advices received by local poultry dealers, the crop of turkeys this year will be a very large one. Dealers are now receiving turkeys weighing from twelve to fifteen pounds apiece as compared with turkeys weighing seven to ten pounds last year. Eastern speculators who played havoc with the market last year were taught a severe lesson, and they will keep their hands off this season. Last year these interests secured options on the bulk of the turkey crop in October for delivery during November and December. Realizing that they would not receive the exorbitant price they had looked for, they failed to take up their options. As a result the farmers were left with a big supply of turkeys on hand, which they were compelled to sell at very low figures. This year, however, the farmers are pledged to sell direct to the consumers, and take the open market price. Present prices of fourteen cent a pound on foot and twenty cents dressed will probably prevail during the Thanksgiving holidays. Other poultry will also be plentiful. Geese have already made their appearance, and heavy receipts are looked for later. Old hens and spring chickens are in liberal supply, and prices are reasonable."

"No Sinners in China."

Everybody in China works hard, even those who have reached the highest positions. It is related of a member of the Chinese cabinet that he left home every morning at 2 o'clock, as he was on duty at the palace from 3 to 6. As a member of the privy council he was engaged from 6 to 9. From 9 until 11 he was at the war department, of which he was president. As the member of the board of punishment he was in attendance from 12 till 2, and as a minister of the foreign office he spent every day from 2 till 5 or 6 there. In addition he frequently served on special boards of commissions.
